

## Policy Implementation

The Superintendent has responsibility for carrying out, through administrative regulations, the policies established by the Board.

The policies developed by the Board and the administrative regulations developed to implement policy are designed to increase the probability of an effective and efficient school operation. Consequently, it is assumed that all Board employees and students will willingly carry them out.

Employees in subordinate positions are responsible for seeing that they are implemented in the spirit intended. Continuous disregard for Board policy and administrative regulations may be interpreted as willful neglect of duty.
